

NO WELDING. MINIMAL CUTTING. ALUMINUM TRACK TO THE RESCUE!

NEED: Continuous tool rail over 18' conveyor.

SOLUTION: ECONOLINE Extruded Aluminum Track with standard brackets eliminates the welding required with steel. Two leveling feet (turned "out") on each upright allow bolting to floor. Angle bracket attaches to conveyor. Can be used equally well on continuous benches.

PARTS LIST

ITEM	QTY.	DESCRIPTION	PART NO.
1	4	RAIL-9' (CUT FROM 20' RAIL)	WA50-N240
2	4	RAIL-6'	WA50-N072
3	4	RAIL-23" (CUT TO LENGTH)	WA50-N029
4	12	ANGLE BRACKET	WS-AB
5	8	45° ANGLE BRACE	WA50-NB17
6	16	ANGLE BRACE BRACKET	WA-AB
7	8	LEVELER FOOT	WA-LF
8	8	HANGER DISK	WA-HD
9	2	RAIL-18' (CUT TO LENGTH)	WA50-N240
10	12	END CAP	WS50-EP
11	A/R	BALANCER TROLLEY	WS50-BTL
N/S	4	END STOP	WS50-ES
